Use the elements below to build the correct html structure that would result in a web page that looks like the statement above. Be sure to print and save your work. Use each element one time only.

Good Morning Class!   </p>   </title>   </h3>

Today is the day we learn some html!

<html>   <p>
          </html>

<title>   <!doctype html>   </h1>   </body>   <body>
          <head>   <h1>

<h3>   Web Design I - Mgd 141   </head>

Basic HTML Structure
