Peter trusts you, but for After Effects I:

I, \_\_\_\_\_, have been fully briefed on the requirements of this course. I understand that:

- Grades are both subjective and objective. My grade depends as much on effort and participation as on actual test and assignment scores.
- I must inform my instructor ahead of time of any unavoidable absences, and contact him by cell phone or email through the school email system in the event of emergencies. An excused absence is where I have let my instructor know ahead of time that I would be gone, and he has approved the reason. **Every two unexcused absence will result in a drop in a letter grade. If I can't participate in the scheduled Zoom meeting, I will participate in the corresponding discussion**
- I must pay attention during lectures and not surf the Web. Each instance of surfing the Internet rather than being attentive and involved in will result in 2 points off my final grade.
- If I am eligible for and need academic accommodations because of a disability, I must contact the OASIS office (502-3333), schedule an appointment, and provide the form for my instructor to sign in order to obtain an accommodation.
- I must enroll in the College Opportunity Fund to qualify for instate Tuition subsidy. If I don't enroll in the COF, I will pay up to \$80 per credit hour more than if I do enroll.
