Thanks for visiting with us. We do appreciate it!

If you haven't heard of us before, we have been selling embroidery supplies primarily to home embroiderers through the internet for over 10 years. We focus primarily on needles, thread and stabilizer for machine embroidery, but we have or can get almost anything a machine sewer, machine quilter or machine embroiderer might want. One of our goals is to provide the broadest selection of products available anywhere. This way, you aren't limited to the few products most stores are able to carry. That also gives us the ability to talk honestly about products - because we sell all the major brands! If you have any questions or if we can help in any way, please don't hesitate to give us a call! Thanks!
