New Face at RBSCo

Lauren E. Price has joined The Robert B. Sharp Company of Colorado, Inc. (RBSCo) as consulting projects manager.

Price recently completed a two-year Fellowship with El Pomar Foundation in Colorado Springs, where she served as the Southwest Regional Coordinator, responsible for managing the Foundation's grantmaking and community stewardship initiatives in the five-county area surrounding Durango. The highlight of her time there was managing a council of nine prominent community leaders as they directed El Pomar funds to philanthropic projects of regional significance.

Prior to moving to Colorado, Lauren graduated with honors from the University of Notre Dame. She currently serves on the Board of Directors for the Center for Christian-Jewish Dialogue in Colorado Springs, and volunteers as a Big Sister.
